PERSONAL STATEMENT

My relentless curiosity has lead me to pursue and experiment in all forms of design. As a designer, I seek to promote positive change in brands I believe in. Upon Graduation in May, I am looking to collaborate with passionate creatives and produce inspirational work.

EXPERIENCE

Instrument

Worked as an Intern with a focus in user experience and motion design. Gained skills through rapid UX prototyping for a global ecommerce site and explored storytelling through fluid motion design.

Summer 2017

B-Reel

Worked as an Intern with a focus in user experience and visual design. Gained experience collaborating with a design team and working with well known companies as clients to create impactful work.

Summer 2016

Freelance Designer

Created brand identities as well as social media marketing for corporate and personal.

2015 - 2016
